Comments: I have a 2000 C230 Mercedes Benz. The car is beginning to rust in some spots (hood, bottom driver door, etc) due to stones hitting the car over time. The rust spots are minor but would like to care for the issue before it becomes a bigger issue over time. I would like get an estimate on the cost of repair and would like to know what days and times are best to bring in the vehicle to get an estimate.
