[Contact Us](#)

ALC Custom Landscapes has provided landscape contracting services throughout [Carroll County](#) and [Howard County](#) Maryland and Baltimore County MD since 1990, specializing in design / build projects.

Family-owned and operated, ALC is fully licensed and insured. ALC provides unique landscape and hardscape solutions and designs, quality installations with exceptional attention to detail, and maintenance services to keep your landscape functional and attractive.

Their specialty is creating outdoor living space for you and your family to enjoy for a lifetime!

Before

After

Some of the landscaping projects available include:

- Walkways, patios, driveways & pool decking using pavers or natural stone
- Retaining walls & free standing walls using segmental concrete or natural stone
- Outdoor fireplaces, outdoor kitchens / grills and outdoor firepits
- Waterfalls, ponds and stream design and construction
- Soil stabilization, erosion control, sodding and seeding
- Drainage solutions including channel, catch basin, drain tile and drain pipe installations
- Tree, plant & flower bed plantings for ornamental gardens
- Excavation, grading and other masonry projects

The owners will be involved in your project from start to finish assuring you of a top quality job that you are thrilled with.

Complicated and detailed designs and layouts are no problem. If your project requires electrical, plumbing or gas work, we have a network of licensed contractors in addition to our own in-house landscape / hardscape professional staff.

When we start your landscape design project we will utilize all of our resources until the project is complete which means not only completion of your landscaping / hardscaping project but also cleaning of all disturbed areas and seeding or sodding of all exposed soil areas.
